About Our Organization...

BCS provides a wide range of activities, trips, wellness and mental healthcare, personal assistance, transportation, and meals to those who are aging in place, allowing them to remain independent and within our Bethany Homes environment for as long as possible. In many cases we are able to avoid, and in all cases delay nursing home admission. If you are interested in learning more about what assistance Bethany can provide, kindly do not hesitate to contact your Property Manager or Resident Service Coordinator.

Important Notice Regarding Farmer's Market Coupons

From Kathy Pothier, RN & Wellness Nurse

When you go to the Haverhill Farmer's Market held on Saturdays from 9-1pm to purchase produce, you can use your Food Stamp/EBT cards, and get double the amount of money ! The EBT booth you need to visit before you start to shop, is next to the kid's tent! Any questions, ask your Wellness Nurse, or Resident Services Coordinators.

ALCOHOLISM AND THE ELDERLY . . . this

month's topic from Linda Maxwell, Resident Service Coordinator

The FLAG 4

During a recent exploration of the World Wide Web I decided to investigate the topic of alcoholism and its impact on the elderly. Statistics paint a worrying picture of alcoholism and the geriatric population. It is estimated that there are between **1.1 and 2.3 million over 65 who are alcoholic.**

Elderly alcoholism is often overlooked or ignored. There is a general (unspoken) perception prevalent throughout society that **the elderly have outlived their 'usefulness'**.

They are no longer 'contributing' to the community therefore their problems and the issues affecting them, tend not to be prioritized.

However, elderly alcoholism is on the rise and tackling it **improves** their quality of life and that of their families.

Why do the Elderly Turn to Alcohol?

Every case is different so this is a difficult question to answer.

However there are certain aspects of aging that can be triggers for alcoholism.

These include:

Loneliness	Grief	Retirement	Boredom
Depression	A spiritual vacuum	Worry/Anxiety	

Signs of Alcoholism in the Elderly

The biggest problem in diagnosing alcoholism in the elderly is that many of the signs of alcohol abuse are also signs of aging.

It has been estimated that up to **60% of elderly patients entering acute medical wards are active alcoholics.** Yet so often their alcoholism is overlooked.

WHY? It seems that some doctors think that nothing can be done with elderly alcoholics. It is believed, wrongly, that treatment will not be effective and, anyway, they do not have many years left, so why bother. However, this is often not the case. Elderly alcoholics usually **respond well to treatment** and many go on to live long and happy lives.

THE SIGNS

Disorientation	Frequent falls	Depression	Forgetfulness/Dementia
Slurred speech	Malnutrition	Confusion	Decline in personal hygiene

The above signs could also **be a result of aging** but there are signs specific to alcoholism such as drinking alone, an increase in alcohol consumption, smell of alcohol on the breath and defensiveness when questioned about drinking.

Health, Alcoholism and the Elderly

Alcohol drunk in moderation can have health benefits for young and old alike.

However, if alcohol is abused then **the effects can be devastating**. Excessive alcohol consumption in the elderly can lead to:

Strokes	High blood pressure	Alcoholic liver disease, including alcoholic cirrhosis	A higher risk of cancer in the head, neck and throat
Dangerous interactions with prescription drugs.	A decline in the functioning of the brain. Accelerating brain impairment, dementia and wet brain syndrome	Osteoporosis	Increased risk of falls, in particular hip fractures, which might need surgery and all the risks associated with it.

As people age, the amount of water stored in their bodies falls. This means that there is less water to dilute the alcohol and so **its effects on the elderly are greater** than on the young.

Another issue specific to alcoholism and the elderly is that as we age so our **tolerance to alcohol falls** (reverse tolerance) so less is required to experience the negative effects of alcohol.

In short an elderly alcoholic is **risking their health every time they lift a glass to their mouth**. It is of the utmost importance that they get treatment before it is too late.

If any part of this article impacts you in any way – please get in touch with me. I am assessing if there is a need and desire to form a recovery program geared to our community. If you or a loved one are struggling with addiction feel free to stop by and speak with me.

A man tells his neighbor, "I just bought a new hearing aid. It cost me four thousand dollars, but it's state of the art. It's perfect."

"Really," answers the neighbor. "What kind is it?"

"Twelve-thirty."

AUDIENT

Helping Low Income Families Afford Hearing Care

AUDIENT is a nationwide program that helps those in need obtain hearing aids at a reduced cost. Candidates are qualified for the program based on their annual household income. AUDIENT sees that each income qualified applicant is referred to a hearing care professional in their community who is dedicated to supporting those in need of quality hearing care.

You can qualify if your income is equal to or less than \$27,075 for individual or \$36,425 for family of two. You have to fill out a form to become qualified and once you are income qualified you will pay in the range of \$495 to \$975 for one hearing aid and related care, or \$990 to \$1575 for two hearing aids and related care when ordered at the same time. This includes a fitting, three adjustments during the first year, and fully digital hearing aid(s). This would not cover the hearing evaluation. Contact Linda Maxwell, Resident Service Coordinator (978) 374-2164 or Imaxwell@bethanycommunities.org for the form and assistance

AUGUST

"Summertime
And the living is easy
Fish are jumpin'
And the cotton is high

Oh, your daddy's rich
And your mama's good lookin'
So hush little baby now
don't you cry

One of these mornin's
You're gonna rise up singin'
Then you'll spread your wings
And take to the sky

But til that mornin'
Ain't nothin' can harm you
With your daddy
And your mammy
standin' by."

We hope all of you are enjoying this beautiful summer!! Because summer is here I wanted to let you all know I will be on vacation from August 7th through August 17th. As always you can call the office number & someone can assist you.

If you have not come to the office to pick up your 2104 Security deposit interest please do so. I know many of you don't see this as important because it is such a small amount of money but we need for all of these to be collected for our bookkeeping.

We would ask that residents be mindful of open windows in the common areas. If rain is in the forecast would you please check that the windows on your floor are closed.

As many of you know parking at Mission Towers is a tremendous problem. Please ask your visitors, friends and health aid workers not to park in the resident lot.

And speaking of parking and on a lighter note,

A Mission Towers visitor parked his car in a no-parking zone in a large city because he was short of time and couldn't find a space with a meter. Then he put a note under the windshield wiper that read:

"I have circled the block 10 times. If I don't park here, I'll miss my appointment.

FORGIVE US OUR TRESPASSES"

When he returned, he found a citation from Deanna along with a note.

"I've circled this block for 33years. If I don't give you a ticket, I could lose my job."

Come on outside, sit in the gazebo and enjoy the sound of the water flowing along with the beautiful views of the Merrimack! The sound of the trickling water can be very relaxing. We hope you will enjoy!

Merrivista would like to welcome Ryan Begin to the Summer Help Program! We are happy to have him for the summer to help take care of some odds and ends around the building! Welcome Ryan!

We are also happy to welcome some residents to the Merrivista building! We will be hosting a meet and greet and Tea in the near future for these residents. We will be posting more information on the specific date and time shortly!

As a reminder the entire building continues to be a smoke-free facility as of July 1, 2014. This includes outside areas as well, specifically, the park benches located on the Market Basket side of the building. There is a gazebo to the left side of the building that is designated for smoking. We would like to thank you for your

cooperation with this policy. If you are interested in quitting smoking please see one of our wellness nurses who can assist you with some options to help you do so. We hope you have a great summer!

THE KITCHEN AT BETHANY

Bethany Community Services believes that food and nutrition impact the overall health and well-being of an individual. This is even more important when an individual is battling health issues. Our meals are designed specifically for our residents. We strive to provide menus that are:

- Evocative of memories and feelings of comfort

- Nutritious
- Designed to provide approximately 50-67% of daily needs
- Provide adequate calories and protein to support health during critical illness
- Cooked using healthy fats and minimally added salt

Bethany Homes offers these meals at a low cost if you qualify for the CHSP Program or Community Meals Program. Additionally, you can pay for meals with your EBT card if you have one. The cost of meals is as follows:

Breakfast: \$4.00
Lunch: \$6.00
Supper: \$10.00

If you qualify for the CHSP or Community Meals Program, the cost of meals will be significantly less. Three (3) meals a day could be as low as 10% of your adjusted monthly income or \$100/month depending on your income. Contact your Property Manager or Resident Service Coordinator for more information.

FLAG SPOTLIGHT OF THIS MONTH

How long have you been at Bethany?
Twenty seven years.

Where did you grow up? 15th Avenue,
Haverhill. What did you do before you
came here? I worked for Bradley Goodrich
Shoe Shop for several years and then went
to work for Western Electric.

What do you like most about being at
Bethany? It's got everything – name
something it doesn't have. A lovely
garden, a beautiful dining room Do you
have any advice or suggestions for us? No
– no advice. You're doing things right.

**LOUISE
'BABE'
BAXTER**

**PHOENIX
ROW**

What else would you like to tell us? One of my
passions is the Red Sox . My favorite players are
currently Dustin Predoia followed by Big Pappi . On a
side note – Babe was quite the golfer in her prime!

And the winner is . . .!

But first, thank you to the sponsors of this fundraiser: BCA ,who we purchased our copy machine from, provided the Red Sox tickets; Haverhill Beef generously donated a \$50 gift certificate; and Market Basket donated a \$25 gift card.

Phoenix had a fundraiser raffle to raise money for a new treadmill. We raised \$620 and the first prize went to Bob and Barbara Brunelle - Red Sox tickets; Bernice Goldsmith - Haverhill Beef gift certificate; and Muriel Jenne - Market Basket gift card. Congratulations! And thank you to all who participated in the fundraiser, especially to the Saggahew Masonic Lodge who gave a generous donation!

Here's a joke for you! "At the urging of Harry's wife and doctor, 60 year old Harry finally made it to the gym. After consulting with one of the trainers, Harry decided to try out a steep treadmill. "Ok", said the trainer "I'm going to set it for ten minutes, if you want to go longer just press start again." At first Harry was doing fine but after 5 seconds he started getting tired, and after a minute he jumped off gasping for breath. Walking to the side to sit down, he passed by a friend of his. "Man", said Harry. "I could barely last a full minute on that treadmill." "Alright alright", said his buddy, "no reason to brag!"

On a serious note, I would like to remind residents with a vehicle and an assigned parking spot, to always park in their designated spot. Otherwise, if you don't use it, you lose it. It seems like the number of times that people outside our building use our resident spots is increasing and it could be attributed to outsiders seeing so many empty spots.

A couple other issues I would like to bring to your attention are about leaving clothes in the Laundry Room: if left after so many days they will be thrown away. And do not put food out on the tables by the elevator lobby areas, it also will be thrown out.

The hot days of summer are here! Stay cool, enjoy the sunshine and remember to stay hydrated by drinking lots of water and juices!

Your Property Manager,

Nancy Leefe
